Founded in 1894, our community is defined not only by the exceptional level of services, amenities and residential choices we offer but also by who we are and where we are. Those who live and work here see each other as friends and neighbors.

As a not-for profit organization, we manage our resources wisely to ensure our commitment to residents. Charitable contributions to the Foundation enable us to enhance services and programming and provide for residents who are outliving their assets. Our commitment to ensure a life rich in possibilities for current residents while planning for future generations is in part made possible through the support of donors.

HOW YOUR GIFT HELPS

By joining us for the day, you will be contributing to the Cares Endowment, which helps provide for residents experiencing financial hardship. Established in 2004, the Cares Endowment is a restricted fund — the income is only used to fund benevolent care. Your support is needed and most welcome.

Thank you!
